I was a leper outside the city
None would come close
But You wouldn't let go
What worked back then
Will work again
I know the blood is still the blood

And I had an issue
No one could help
I tried them all
My last try I crawled
And what worked back then
Will work again
I know the blood is still the blood

Let's sing
And oh, how precious
How beautiful
This priceless love
I've come to know
And in the midst of
My darkest storm
I know the blood is still the blood
It is, it is

I was just like Mary
Labeled by shame
They called my wrong
But You called my name
What worked back then
Will work again
'Cause I know the blood is still the blood
I know the blood is still the blood

And oh, how precious
How beautiful (Hey)
This priceless love (I've come to know)
I've come to know ('Cause in the midst)
In the midst of (Hallelujah, hallelujah)
My darkest storm (One thing I know)
I know the blood is still the blood (Yeah)
One more time, say: oh, how precious
Oh, how precious
How beautiful
Yeah, this priceless love
I've come to know (I've found out)
And in the midst of (In the midst of)
My darkest storm
I know the blood is still the blood

Still works, it works
Still works, it works
It still heals, it heals (It still works)
It still breaks, it breaks (It still cleanses)
Oh
It's still flowing from Calvary's hill
Hallelujah
Thank You for the blood
Thank You for the blood
It still works, it still works
It's still flowing, it's still flowing
Oh
Hallelujah (It cleanses)

It washes white as snow (Hallelujah)
The blood can make me whole
It paid the debt I owe (Yeah)
The blood has made me whole (Hallelujah)
It washes white as snow
The blood can make me whole
It paid the debt I owe (The blood)
The blood has made me whole (Yeah, it washed)
It washes white as snow (I'm a witness, yeah, the blood)
The blood can make me whole (It paid the debt)

It paid the debt I owe (Every single
Debt, every single debt, hey, the blood)
The blood has made me whole (One more time, lift it)
It washes white as snow (I remember, I remember)
The blood can make me whole (Yeah yeah yeah, I remember, I
remember)
It paid the debt I owe
The blood has made me whole (Yeah, somebody lift a shout)

Hey, hey, hey
Thank You for the blood (I'm grateful, I'm grateful)
Yeah, yeah, yeah
I remember, I remember
I remember what He did
I remember how He set
I remember how He set me free
One more time, declare it:
It wash

It washes white as snow
The blood can make me whole
It paid the debt I owe
The blood has made me whole

It's still washing me, yeah
Oh-oh-oh
It's still cleansing me, oh yeah (Yeah)
It's still washing me
It's still cleansing
It's still cleansing me
It didn't stop the day I got saved
But right now it's still washing me (Yeah)
Every time I fall, every time I fall
It is, it's still cleansing me
It's still washing me
It's still washing me
It's still cleansing me (Still cleansing)
He took my place (Yes, He did, Jesus)
Should've been me
But He took my place
It should've been me
He took my place
It should've been me
That should've been me on the cross
He took my place (Yes)
It should've been me
While I was yet sinning
He took my place (Yeah, yeah)
It should've been me
He took my place (It should've been me)
It should've been me (I committed the sin, but)
He took my place (I committed the sin, but)
It should've been me
He took my place
It should've been me

Oh, how precious
How beautiful
This priceless love
I've come to know
In the midst of
My darkest storm
I know the blood is still the blood

I know the blood is still the blood
I know the blood is still the blood
I know the blood is still the blood
I know the blood is still the blood, oh
I know the blood is still the blood, oh
I know the blood is still the blood
